Mission Statement:

It is Hailey Elementary School's philosophy that through the combined efforts of parents, school staff, and community leaders, all students can learn. Through positive learning experiences, students will achieve their fullest potential—physically, emotionally, socially, and academically. An integral part of our total program is the development of self-respect, respect for others, and creative and critical thinking. Together we will provide opportunities to read, write, compute, and analyze to prepare students for the challenges of the future.
