Former principal of the Alternative School
Enrollment  148
Feeders  All Conroe ISD campuses

Vision Statement: Hauke Academic Alternative High School is dedicated to the reclamation of high school credits as well as accelerated learning, resulting in all students successfully graduating with a high school diploma.

Core Values/Beliefs:
• The staff is a “family” who believes in a “Culture of Kindness”.
• All students can learn.
• Students should accept responsibility for their learning.
• Learning is preparation for the future.
• Learning skills are of major importance to the learner and set the climate for success.

Who are Hauke students:
“If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears, however measured or far away.” -Henry David Thoreau

We believe that students have different strengths, talents, and needs not all of which will be honored in a traditional comprehensive high school setting. Hauke Academic Alternative High School is for students who have experienced life to the beat of a “different” drummer. It serves as a place to find structured guidance so a student doesn’t stray too far off the beaten path, or to help get one back on the path to earning a high school diploma. Of utmost importance to our staff is all students are respected for their skills and talents, and supported through difficulties, not just in academics but in their personal lives as well. A reciprocal respect for fellow students, staff, and the community at large is expected of all students in all their personal interactions both on and off campus.
